**EVERYBODY TALKS VALUE BUT RADIANT DELIVERS**

**WATER TREATMENT CHEMICALS**

- Boiler Chemicals
- Cooling Water Treatment
- Closed Circuit Chemicals
- Engine Coolants
- HVAC Chemicals
- Biocides
- Defoamers
- Dispersants

**RO CHEMICALS**

- Antiscalants
- Iron Dispersant
- Biocide
- Acid Cleaner
- Alkaline Cleaners

**INDUSTRIAL CLEANING CHEMICALS**

- Air Cooler Cleaner
- Boiler Boil Out Chemical
- Condenser Coil Cleaner
- Gas Turbine Compressor Cleaner
- Oil Removal Cleaner
- Descalers
- Inhibitors for Acid Cleaning
- EDTA

**WATER FILTRATION & PURIFICATION**

- Activated Carbon
- Ion Exchange Resins (Cation & Anion)
- RO Membranes
- UF Modules
- Flocculants
- Filtration Aid

**EQUIPMENTS**

- Reverse Osmosis Plants
- Ultrafiltration Plants
- Wastewater Recycling Systems (Industrial, Commercial & Residential)
- Water Softeners
- Demineralization Plants
- EDI Systems
- Filters Housings
- Multimedia Filters
- pH & TDS Meters
- Chemical Dosing Pumps

**PRODUCTS FOR OIL REFINING, PETROCHEMICAL AND NATURAL GAS APPLICATIONS**

- Activated Carbon for Amine Purification
- Glycol Dehydration
- Alumina Balls
- Ceramic Balls
- Chelating Agents (EDTA)

## GENERAL INTRODUCTION

Radiant Chemical (Pvt.) Limited is a specialized chemical's marketing company involved in providing **water treatment products for boilers, cooling towers, chillers and generators; reverse osmosis system, ultrafiltration systems, cleaning chemicals, filtration products, ion exchange resins and technical support services** to various industries throughout Pakistan. The company was established in 1991 and since then has obtained a large clientele base.

The company is ISO 9001:2015 certified by TUV Austria Bureau of Inspection & Certification (Pvt) Ltd and NSF/ANSI Standard 60 Certified which is accredited by the American National Standards Institute and Standards Council of Canada.

Radiant Chemical (Pvt.) Limited has a team of highly qualified and dedicated professionals for providing technical support services to its customers. We keep ourselves up-to-date on industry advances to meet the ever-diversifying needs of customers. The Company is committed in meeting its customer's needs and providing them the highest quality of service and product satisfaction.

The key to achieving trouble-free operations through the prevention of water related problems is through a Radiant representative. The representative will act as your consultant, problem-solver and on-site expert. The goal of Radiant is to work with its customers to find ways to reduce operating costs and provide maximum return on your chemical investment.

Radiant's leadership in the market has been achieved by satisfying today's needs, anticipating tomorrow's problems and by setting standards which others can only follow.

The Company's performance in the market is backed by its dedication and commitment to offering the best quality and service.

The Company also has support services that include operator training, system start-up, regular analytical testing, trouble-shooting and reporting.
